Since 2013, Kempe has partnered with the Colorado Department of Human Services to create and launch the Child Welfare Training System (CWTS) - the first professional development learning management system of its kind in Colorado.

**WHAT HAS BEEN DONE**

- Provided a menu of coaching services as a part of Colorado’s Child Welfare Training System
The Kempe Center provides clinical care, research and education on child abuse prevention and treatment. The Kempe Foundation supports that work through advocacy, public awareness and fundraising.
